## **DETAILED ACTION**

1. Applicant's arguments with respect to claims 1-46 have been considered but are moot in view of the new ground(s) of rejection.

### ***Claim Rejections - 35 USC § 103***

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1, 2, 4-14, 16, 20-22, 24-32, 34 and 38-44 are rejected under 35 U.S.C.103 (a) as being unpatentable over Markham et al (5,947,061) in view of Markham et al (6,129,053), in view of Mcclung (5,799,616) and Mauldin in (5,813,366) further in view of Schaefer (2,024,064) and Sherrill et al (2002/0185085).

The references and rejection are hereby incorporated as cited in the previous Office action. With regard to claims 1 and 22, Applicant remarks that Markham's pet toy is not intended to be fully consumable because it is made of molded plastic material which maybe rigid or flexible (col. 2, line 15). However, Sherrill et al teach an animal chew toy comprising rawhide and jerky pieces interspersed in the chew (Abstract). The animal chew is biodegradable and safely ingested by the pet ([0014]). It would have been obvious to one of ordinary skill in the art to modify Markham et al ('061) with Sherrill et al to provide a fully consumable pet chew because it is biodegradable and safely ingested by the pet.

With regards to Claims 3 and 23, the references and rejection are hereby incorporated as cited in the previous Office action.

### Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
